What was your overall impression of the Marko Rubel's Niche2Wealth "Million Dollar Foreclosure" Seminar?

~~Very~~ Very useful information that can realistically apply in this market. Marko's genuiness to help others really comes through.

Did the Niche2Wealth "Million Dollar Foreclosure" Seminar fulfill your expectations?

Started right away. Yes, but would like a little more to help get subject 2 information and ~~add~~ checklist for what to do ~~over~~ on Monday.

What would you like to see us do differently?

More structure to each section of presentation will help stay on task. A little less info on all of the techniques not to try. Lets jumpstart in detail what does work.

Your comments and message to Marko

Great comprehensive manual with lots of step by step instructions for structuring deals and marketing. Very helpful real-life stories told by Marko. Great information and great software.
